ONE DOLLAR WILL BUY 100 FEET OF BOARDS

At WILLETT & LIBBEY'S, Corner of Sixth Street and New York Avenue, opposite

New Northern Liberty Market.

WASHINGTON, February, 1879. DEAR SIR: When goods are sold on credit, three things must be estimated: First, losses and, expense attending the keeping of accounts and the collection thereof; and third, in-

terest.

Keen CASH BUYERS are no longer willing to contribute to this estimate, and hence the time has arrived when one is compelled to choose between an ALL CREDIT and an ALL CASH business, and in view of these indications, I am inspired to make the following changes in the conduct of my business, commencing MARCH 1, 1879:

First, TERMS CASH: Second, CHEAPER TAILORING: and Third, NO FURNISHING GOODS.

To accomplish the last I shall offer my Furnishing Goods at such prices as will insure their The second change will be immediate on the 1st prox., and I have made arrangements to

Wilnor's Compound of Public Cod-Liver Oil, and Lime.—The advantage of this compound over the plain Oil is, that the manseating base of the Oil scritterly removed, and the whole rendered entirely palatable. The offensive taste of the Oil has long acted as a great objection to its use; but in this form the trouble is entirely obviated. A host of certificates might be given here to testify to the excellence and success of "Wilbor's Cod-Liver Oil and Lime;" but the fact that it is regularly prescribed by the medical faculty is sufficient. For sale by A. B. Wilbor, Chemist. Boston, and by all druggists. The second change will be immediate on the 1st prox., and I have made arrangements to get up garments to measure in good style at prices much lower than formerly.

READY-MADE CLOTHING will be the prominent feature in my business.

To make the first and whole a success I ropose to continue the popular system of marking all articles in plain figures and selling for NE PRICE ONLY, with a uniform PROFIT OF SIX PER CENT., estimated upon the cost of a ribution—that being remuneration for my skill, capital, and labor—and giving all buyers the benefit of all bargains in my purchases. This plan has all the advantages of CO-OPERATION, without its attendant riske, and it will readily be seen that this can only be accomplished by the adoption of the ONE-PRICE, CASH SYSTEM,

I feel that further argument would be unnecessary to commend these changes to your approbation, and, hoping to continue in the future the pleasant relations of the past, I subscribe investly yours, truly.
